

**Appendix—Table 2.**

Schedule of Activities								
Activity	Screening Visit (phone)	Consent (phone or in person)	Baseline Assessment (video call and survey)	Virtual House Calls 1 and 4 (months 0 and 12)	Virtual House Calls 2 and 3	End of Study Assessment (video call and survey)	1-time Virtual House Call	End of Study
<i>Study Personnel</i>	<i>Study Coordinator</i>	<i>Site Coordinator</i>	<i>Independent Rater</i>	<i>Site Investigator</i>	<i>Site Investigator</i>	<i>Independent Rater</i>	<i>Site Investigator</i>	<i>Site Investigator</i>
<b>Study Site</b>	<b>Rochester</b>	<b>Site</b>	<b>Rochester</b>	<b>Site</b>	<b>Site</b>	<b>Rochester</b>	<b>Site</b>	<b>Site</b>
Participant arm	All	All	All	Virtual house calls	Virtual house calls	All	Control	NA
Screening	X							
Contact local health care provider	X							
Consent		X						
Baseline survey			X					
Randomization			X					
Assessments of health, quality of life, and care*			X			X		
EQ-5D-5L			X			X		
Medication log			X			X		
MoCA			X			X		
MDS-UPDRS			X			X		
PGIC						X		
Time and travel + MCSI**			X			X		
Virtual house call survey***				X	X		X	
Overall virtual house call survey						X	X	
Provider virtual house call survey****								X
MDS-UPDRS, Part 3****				X				
Clinic note sent to participant and local health care provider				X	X			
<p>* Includes Parkinson’s Disease Questionnaire 39, Geriatric Depression Scale 15, Patient Assessment of Chronic Illness Care, time and travel, Parkinson disease recommendation survey, and health care resource utilization</p> <p>Abbreviations: EQ-5D-5L = European Quality of Life Five Level Score; MoCA = Montreal Cognitive Assessment; MDS-UPDRS = Movement Disorder Society Unified Parkinson Disease Rating Scale; PGIC = Patient Global Impression of Change; MCSI = Multidimensional Caregiver Strain Index</p>								
**For participating care partners				**** For investigators giving care via virtual house calls				
*** Participants and investigators
