Appendix B. Supplementary Tables

Appendix B: Supplementary Tables Referred to in Figures 3 and 4

Note: These supplementary tables provide complete conditional logit regression results for Figures 3 and 4 in the final report that describe Preference for Providers Offering Medication vs Talk Therapy as Treatment for Depression, by Racial/Ethnic Group and Gender. Figure 3 in the Final Report refers to Tables S1 and S2 below. Figure 4 refers to Tables S3-S17 below.

These tables are copied from Appendix A in "Depression Treatment Preferences by Race/Ethnicity and Gender and Associations between Past Healthcare Discrimination Experiences and Present Preferences in a Nationally Representative Sample," published in Social Science and Medicine (full citation below)
